

FIRST FILL QUICK POLISH is a natural cleaning agent that easily removes grease and dirt. The unique composition of the product leaves no scratches and ensures a streak-free, shiny result. The hydrophobic wax technology ensures a long-lasting deep shine and a dirt-repellent effect. After application of this product, a protective layer is formed that continues to repel dirt, water and grease, making subsequent cleanings easier.

APPLICATION

Excellent for "washing" and "cleaning" the car, motorcycle, camper, etc. The product can also be used for cleaning sanitary facilities, windows, kitchens, in and around the house, office or workplace. Excellent for use on almost any non-porous surface.

PROPERTIES

- Biodegradable
- Beautiful shine
- Applicable to many materials
- Water and dirt-repellent
- Non labor-intensive application
- Cleans the surface
- Nice odor
- Without blurring effects on the surface

INSTRUCTIONS

Pre-clean a strongly soiled surface first, because of the possibility of scratching the surface to be treated. After spraying on the surface, Quick Polish should be lightly rubbed manually with a soft microfibre cloth.

Applying and slightly rubbing the product also has a cleaning effect. Then polish with a second microfiber cloth until the haze disappears from the surface and the surface is completely dry.

PHYSICAL PROPERTIES

Color	:	Orange
Components	:	Water, siloxane, additives
Density	:	± 0,96 kg/l
pH-value	:	7

PACKAGING OPTIONS

- 200 ml Airopack®
- 5 / 10 / 25 LTR Cans
- 210 LTR Drums
- 1.000 LTR IBC
